From the D C Kolar Dist

No A5 C 553/43 dt 5-1-44

Fds proposals Dm regd to the grants required for the improvement of Town & minor hollows in the Kolar Dist for '43 - 44

Letter No A5 C 553/43 dt 10-1-44 from the Chief Offr on the matter

The following are the hollows to which gwl grants recommended

Chickballapur

a) II stage of the drainage scheme Rs 5000/- maybe sanctioned for the year

Rs5,000/- gwl have agreed to pay half the cost of the entire scheme which was ordered to be executed in stages

In gO dt 12-1-44, a sum of Rs 950/- has been granted as a gwl grant towards the extra cost of Rs 1,900/- over the original estimate for Rs 9,100/- for the II stage of the scheme, towards which no amount has so far been granted, as promised

A grant of Rs 950/- may be sanctioned as accepted by the Govt for Rs 950/- sanctioned may be allowed

Hence a sum of Rs 4,550/- being half the original estimate for Rs 9,100/- has to be sanctioned

Mus is for roads

b) construction of a vegetable market-

definite proposals may be awaited in this behalf

A sum of Rs 6,000/- is recommended

2 Malur

Drainage Scheme — Rs 2,000/- This is a commitment in the fulfilment of pledges and may be sanctioned sometimes

3) Mulbagal

Drainage Scheme — Rs 1,000/- This may be sanctioned sometimes

4 Goribidanur

Silk pattern drawn — Rs 1,500/- proposals may be called for in this respect and the question of giving grant considered thereafter

5 Bagepalli

Patching the streets and metalling roads — Rs 1,000/- may be sanctioned sometimes

Subject - Town Improvement and water supply grants for the year 44-4

LAW DEPT Sir MYSORE

With reference to your letter No L 3214-22 dated 11-9-43 on the above subject, I have the honour to forward herewith 3 statements as noted in the margin and to state that statement No I contains the works of Town Improvement for which Government have already promised to sanction grants as detailed against each item noted in the statement In addition to the worksfor which Government were pleased to sanction grants during the previous year, the works noted in statements 2 and 3 are also of urgent necessity They have been selected by me after duly considering the order of urgency and the necessity of the works having regard to general finances of the concerned municipality and the useful nature of the work to the Public In respect of incomplete works the drainage schemes of Chickballapur, Mulbagal and Malur are being partly financed by Government grant from the Town improvements funds The Municipal Council of Chickballapur have agreed to sepend Rs 5000/- during this year towards the scheme takenup and an equal amount of Government grant is recommended As regards Mulbagal work to the extent of Rs 1600/- was carried out by the Sanitary Engineer Department during the last year and as it is confirmed with a provision of Rs 1000/- from the Municipal funds Further grant of Rs 1000/- is necessary The drainage scheme of Malur town is also on hand and it has sufficient resources to spend Rs 2000/- as resolved by the Council during this year A Government grant of Rs 2000/- may kindly be sanctioned

1 Commitments made by Government in respect of Town improvement and water supply works
2 Town Improvement works for which grants are now required
3 Water supply works for which grants are now required

As regards the new works taken up by the Municipalities during the current year, the works in Goribidanur, Chickballapur and Bagepalli Towns deserve Government help In the new extension of Goribidanur Town, there are no drains and the Council has proposed to take up the Ist and 2nd main Roads during the year A provision of Rs 1500/- has been made by the,

P T O

Municipality to construct Silk pattern drains and as equal gran from Government is recommended The Municipality at Hagebalu not sufficient income to maintain the main streets of the Town a condition No grant has been sanctioned in the past to this Municipality The Municipal Council have got prepared 3 estima amounting to Rs 2500/- for pitching the streets, metalling the roads and constructions of L shaped drains The cost balance of the Municipalit is too heavy and the Council cannot pay mo than Rs 250/- as resolved b them A special lumpsum grant of 1000/- may kindly be sanctioned for the purpose waiving the Municipal quota, as a special case Except with Government help it would not be possible for this Municipality to improve its roads An estimate for Rs 12000/- for the construction of a vegetable market at Chickballapur has been prepared by the Sanitary Engineer and is under correspondence The Council have been urging for a grant of Rs 6000/- and the have made provision to meet the remaining half of Rs 6000/- to ards meeting the cost of this work A grant of Rs 6000/- is recommended for the curren year

3 Water Supply Grants -

The present water supply sources at Chickballapur is too poor to meet the requirements of this big town The council have proposed to augment the supply by sinking some more borewells and have earmarked Rs 5000/- for the current year This amount is not sufficient as the wells have to go a high depth to tap good drinking water in this place It is more therefore necessary that an equal amount of Rs 5000/- may be sanctioned out of Town Improvement grants

In Malur construction of jelly duct has been taken up by the Sanitary Department and the estimate is for Rs 5513 The Council have agreed to pay half the cost A government grant of Rs 2756/- may kindly be sanctioned so that the work may be completed during the year

P.T.O

4. The favour of early orders of Government accepting the a above recommendations is requested

I have the honour to be,
Sir,
Your most obedient servant,

For Deputy Commissioner,
Kolar District

Statement No 1, showing the town Improvement and Water Supply grants to the Municipalities of Kolar District for the year 1943-44 for which Government grants have been promised

Name of Municipality	Name of work	Amount of Estimate	Amount promised by the Municipal Council	Commitments made by Government
1 Chickballapur	Drainage Scheme	Rs 10,000/- 2nd stage	Rs 5000/-	A scheme for 66,900/- has been sanctioned by Government, the cost being met by Government and the Municipality in equal proportions and the work being spread over 8 years as per G O No I 1091/4/M 1 72/41/13 dated 27/9/42 A grant of Rs 4000/- was sanctioned for 42-43 by Government in their order dated 4/2/1943
2 Malur	Drainage Scheme	Rs 17,770/- 1st Stage	R 2000/-	A scheme for 42,285/- has been sanctioned by Government as per G O dated 28/5/42 the cost being met in equal shares by Government and the Municipality A grant of Rs 2000/- in each year for 41/42 and 42/43 has been sanctioned by Govt
3 Mulbagal	Drainage Scheme	Rs 2,000/-	Rs 1000/-	A grant of Rs 1000/- was sanctioned as per, G O dated 4/2/43 Work executed now is valued Rs 1600/- A grant of Rs 1000/- is asked for as the Council will also contribute an equal sum, to complete the work

Deputy Commissioner,
Kolar District

Subject - Town Improvement grants for 43/44

***

Sir,

In continuation of my letter of even No dated 5/1/44 submitting proposals for grants from the Town Improvement Funds to the several Municipalities in the District for the current year, I have the honour to forward herewith copy of letter No 194/42-43 dated 11/10/43 from the President, Kolar Town Municipal Council and to state as follows

2 The sanctioned budget of the Kolar Municipality for the year 1943-44 showed a minus balance It is now reported that a good portion of the outstanding arrears of Mohatharfa has been collected and that the Octroi collections have also been improved with the result that the cash balance of the Municipality is Rs 6000/- at the end of December 1943 The Municipal Budget has made a provision of Rs 3000/- under public works for the current year and the present President has undertaine to provide an additional sum of Rs 2000/- from theMunicipal funds by further augmenting the Municipal Revenue and collection of arrears The drainage system in the town is not satisfactory and the question has been under consideration for the last 8 years without reaching any definite shape The southern extension of the Town has no drains at all while in the lanes and cross roads of the town the sewage water does not run freely to the main drains The main drains themselves require to be improved, as they have not been attended to satisfactorily for some time past The Council having considered the subject in their meeting held on 20/9/43 (Copy enclosed) have resolved that the benign Government be requested to sanction a liberal grant, the Municipal Quota being waived or advanced by the Government to the Municipality as a loan The financial position of the Municipality does not at present admit of public works of expensive nature being taken up solely by itself, as the recurring expenditure of maintaining the waterworks is on the increase owing to high prices of materials The work is of un urgent nature and

and Mr C R Iyengar, the previous Sanitary Engineer had also opined that the drainage scheme may be taken on hand urgently in the interests of better sanitation of the town

3 In these circumstances, as the Municipality will bear half the cost viz , 5000/- for this year, I recommend that a grant of Rs 5,000/- may kindly be got sanctioned to Kolar for the improvement of drains The President of the Municipality has selected in consultation with the Sanitary Assistant Engineer, Bethamangala, the drains and the new drain works to be taken up now

4 The comphrehensive scheme prepared in 1935 was for Rs 1,50,000/- and action will be taken to take up a portion with the concurrence of the Sanitary Engineer, during the current year, for being worked if kind sanction of Government is obtained for the grant I have also sent a copy of this letter to the Director of Public Health in, Mysore, with a view to expedite the sanction of the estimate

5 The favour of early sanction to the proposal is requested

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Kolar District

Subject - Town Improvement and water supply grants for 1943-44

"""

With reference to your memo No 45 dated 2/9/43 requesting to submit statements showing the grants required for Town Improvement and Water supply works during the year 43/44, I have the honour to submit as follows -

1 Drainage scheme The condition of drains in the town is not satisfactory There will be cases of Typhoid etc , during summer An effective drainage system is an immediate necessity for the Town Though the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore was kind enough to prepar a comprehersive drainage sbheme at an estimated cost of Rs 1,50,000/- in the year 1935, the council are not in a position to meet such a heavy cost and the scheme is perforce held over On account of the heavy commitments and the poor state of finances of the Municipal Council, it is not possible to provide funds for this important work, which calls for an immediate attention The Council have therefore to depend entirely upon the benign Government for financial assistance to push through the scheme The sum of 3000/- which has been sanctioned under the head D Public Works to be carried out by Civil Department in the Budget Estimates of the council for 43/44, may not be utilised for this work as the closing balance of the Municipal Council is minus by R 1928/- as sanctioned by Government

The Managing Committee and the Municipal Council have discussed the question in detail and they have resolved at their meeting held on 20/9/43 to request you to kindly recommend to Government for the sanction of a recurring grant of at least Rs 10,000/- every year without insisting upon the payment of any amount by the Municipality as their quota towards the cost of Drainage sbheme, till the entire scheme is completed I beg to submit in this conrection, that this scheme may kindly be arranged to be taker up by stages and some very important and congested portions of the to n be provided with drainage during the current year at least

2 Water Supply - The annual maintenance charges in respect of the Sri Chikkachennarjenna Setty Water works, Kolar for the past three years are noted in the margin It is thus seen that the annual maintenance charges are increasing year after year on account of increase in the cost of alum etc , in view of the seasonal conditions The Council have provided a sum of Rs 9340/- for the annual Maintenance charges for 43/44 in their sanctioned

budget They are unable to meet the extra charges of Rs. Sanitary Engineer had forwarded a modified estimate of Rs 14000/- against the original estimate of Rs 15000/- The Council have sanctioned the estimate for Rs 14000/- at their meeting held on 31/7/43 and forwarded to the Sanitary Engineer after countersigning the same with a request to kindly recommend to Government for the grant of Rs 4660/- towards the cost of Annual Maintenance charges as a special case in view of the increase in cost of alum due to the seasonal condition The Sanitary Engineer in his letter No 348/2 dated 10/9/43 (Copy enclosed for kind perusal) has recommended to the Director of Health to kindly sanction a Government grant of Rs 4660/- as a special case as the council are not in a position to bear these charges

In view of the above circumstances, I request that a recommendation may kindly be made to Government as a Special case for (1) the sanction of one stage of the Drainage Scheme this year and for the incurring a recurring expenditure of Rs 10,000/- annually for this hereafter, without insisting upon the payment of any municipal quota towards the Drainage Scheme till the entire scheme is completed and (2) to kindly sanction a Government grant of Rs 4660- as a special case to meet the extra cost of the Annual Maintenance charges of Kolar Water works during the year 1943-44

Copies of the resolution of the council and statement showing the amount of grant required are herewith submitted for kind perusal

Read.-

Letter No C 60-5 dated the 14th August,1943 from the Director of Public Health in Mysore stating that an estimate for Rs 9,100/- has been prepared and approved for the second stage of the drainage work at Chikballapur and that, when tenders were called for for the same, one Mr.Venkatarayappa has submitted his tender to do the work at the estimated rates except for the 1st item of work viz , laying 12" stone-ware pipes with cement joints at the rate of 14 annas per running foot as against the schedule rate of 12 annas per running foot, resulting in an excess of Rs 1,900 over the original estimate for Rs 9,100/- and requesting sanction to accept the tender of Mr Venkatarayappa and to a Government grant of Rs 450/- towards half the extra cost of the estimate, the other half being met by the Chikballapur Town Municipal Council

Letter No C 60-7 dated the 1st October,1943 from the same officer stating that the Chikballapur Town Municipal Council have, at their meeting held on 25th August, 1943, agreed to meet from the funds of the Municipality a sum of Rs 950/- being half the extra cost of the above-said works

Unofficial Note No 208 dated the 1st Dec 1943 from the Chief Engineer of Mysore, Public Works Department, on the subject

---

Order No L 6933-6/Misl 75-43-3

Dated,Bangalore, 12th January 1944

The estimate for Rs 9,100 with an extra cost of Rs 1,900 is sanctioned The proposal of the Director of Public Health to entrust the work to Mr Venkatarayappa is also approved

The Government share of the extra cost viz , Rs 950 will be met out of the Town Improvement Grant for 1943-44 The Director of Public Health is requested to see that the work is taken up and finished early
